

MOAA CHARITIES ANNUAL REPORT

GIVING 2025

MOAA Charities' programs continue to have a positive impact on the uniformed services community

Thanks to the generosity of donors, MOAA Charities provided programs, resources, and financial assistance to many in our community who needed help this past year. This annual report recognizes our donors and highlights our programs and their recipients.

From Our Team

The challenges facing currently serving servicemembers and veterans and their families continue to evolve. At MOAA, we recognize that beyond our core advocacy work, we also have a responsibility to provide meaningful assistance that supports immediate needs and long-term stability. We do this through MOAA Charities.

This past year reflected the strength of collective generosity. With the support of our donors, MOAA Charities expanded its reach to help members of the uniformed services community facing financial hardship, unexpected life challenges, and the increasing cost of education.

On the following pages, you'll see the impact of your generosity at work. Your support represents more than a contribution; it is a commitment to the well-being of servicemembers, veterans, families, and survivors and a powerful expression of gratitude for their service and sacrifice.

Our donors make it possible to respond when assistance is needed most. The MOAA Foundation continued to deliver critical financial and emergency assistance to veterans and military families experiencing hardship, helping them regain stability during difficult periods. Donor support allowed the foundation to strengthen its programs and reach more individuals and families in need.

The MOAA Scholarship Fund also broadened its impact through the Education Assistance Program, providing \$16.6 million in interest-free loans and grants to military children pursuing higher education. This support helps offset rising education costs and allows students to focus on their academic goals. We remain especially committed to expanding access for enlisted families and continuing outreach to ensure students who need help know it is available.

The progress achieved by MOAA Charities would not be possible without the generosity reflected in the pages ahead. We are deeply grateful for our donors and remain committed to responsible stewardship of your support so we can continue making a meaningful difference.

While MOAA's primary mission is to preserve and protect the earned benefits of the uniformed services community, including those currently serving, veterans, retirees, families, and surviving spouses, MOAA Charities provides an additional layer of support. Through these charitable efforts, we live our promise to "Never Stop Serving" and demonstrate that while we are an association of officers, our commitment extends to the entire uniformed services community.

Thank you for your continued and generous support.

THE MOAA FOUNDATION

“Receiving this grant will have a profound impact on my mental health and overall stability. For a long time, the constant worry over how to pay bills has led to chronic insomnia and high levels of stress that often require medication to manage. Knowing that I have the support of MOAA provides immediate relief from that nonstop anxiety, offering me a path toward financial freedom. I would like to extend my extreme gratitude to the donors that make MOAA Charities possible to help in a time of need.”

THE MOAA FOUNDATION AT WORK

MARINE CORPS VETERAN

'My family and I lost our home and all of our belongings in a gas explosion/fire in February. ... I hope they know my family and I are grateful to the people who made this possible. . It's pretty humbling to need to ask for help, but I'm glad organizations like MOAA exist to give it.'

ARMY VETERAN

'I'm a very proud and prideful person. I was on the verge of giving up all hope on seeing the finish line that I almost quit the race — until I reached out one last time with your web page. You have made it possible to breathe with my head above the water, and for that I am truly be grateful.'

2025 SOURCES AND USES OF THE MOAA FOUNDATION

SOURCES

USES

Note: These are preliminary, unaudited numbers.

Career Transition

MOAA's career transition experts joined industry professionals to host uniformed servicemembers, veterans, military spouses, and surviving spouses at the 2025 in-person networking forum. Event attendees connected with industry professionals, attended a panel discussion, and learned from our team of experts how to take the next steps in their career.

Over 7,250 individuals registered to attend career transition events covering a range of topics, including job coaching, networking, salary negotiation, and more.

Crisis Relief

The MOAA Foundation's Crisis Relief Program continued to be our most sought-after program in 2025.

We provided relief to those facing crisis due to the hurricanes Helene and Milton, the Los Angeles wildfires, and more.

Over \$450,000 was distributed to individuals and families experiencing a crisis situation.

One-hundred percent of applicants would recommend the Crisis Relief Program to others experiencing a crisis situation.

Community Outreach Grants

The MOAA Foundation awarded over \$129,000 in grant funds to support 42 MOAA councils and chapters programs in local communities across the country.

MOAA councils and chapters nationwide participated in a wide range of community programs designed

to benefit the greater uniformed services community at the local level. Programs included providing onetime financial assistance to veterans in need in Florida; supporting deployed servicemembers; assisting children of homeless and other veterans; providing case management, substance abuse, and other counseling and treatment services to homeless veterans in Texas; and much more.

To all participating MOAA councils and chapters, thank you for supporting your local community.

Military Spouse Professional Development

In 2025, over 572 military spouses registered for our career transition events, finance, and benefits webinars as well as career transition lectures conducted by our subject-matter experts.

The Military Spouse Employment Guide, available to all military spouses, has helped guide spouses through their career journey. Download the publication by visiting .

Professional Education Outreach

MOAA's team of experts provided financial counseling, conducted finance and benefits webinars, and connected individuals with resources and lifelong professional development information to everyone in the broader uniformed services and veteran community.

Of those who attended, 12% were enlisted servicemembers or military spouses.

MOAA Charities is proud to report that every member of our volunteer boards of directors makes financial donations to fuel our missions each year.

MOAA SCHOLARSHIP FUND

ABOUT THE MOAA SCHOLARSHIP FUND

MOAA established the MOAA Scholarship Fund in 1948, and to this day, it continues to provide education assistance to children of both officer and enlisted personnel. Those dependents who meet the requirements and qualifications to receive these scholarships and further education assistance benefits encompass one of the association's founding principles: Education is the cornerstone of a strong democracy. It is funded by donations from MOAA members, councils and chapters, corporations, and others with a desire to help military families.

“Thank you so much for granting me this loan and scholarship! My dad was a helicopter pilot in the Coast Guard for 21 years and taught the Navy Junior ROTC program at the local high school, so many of his military values have been instilled in me throughout my life. I am very appreciative of the scholarship you are providing me.”
